

Welcome to Brandis schools,

\*if you are here you should be an admin/ a teacher(with permission ofcourse).

\*this page enables you to upload resources necessary for the learners to use, they will appear on the resources page of the website.

\*-----How it works-----

\*there is a button to make a folder, now this should be folders for the whole grade not per class. or something general.

-a title is required when creating a folder, be sure your title is descriptive and should be no more than 5 words.

-every folder created will start with this "HowTo" textfile.

-to add resources, be it a book, pdf, work, etc. or a link, you will have to click the add button at the top right corner of your folder block.

-apart from adding, the only thing you can do for now is deleting the resource.

\*hope this helps, FEDE!!!
